

Service Department **ELECTRICAL SERVICES**

Lynn Electric’s Service Department offers a wide range of services for residential, industrial and commercial customers. We are available 24 hours a day 7 days a week in case of an emergency. Our skilled electrical team is well equipped to provide the best possible experience for our customers. We provide service for anything—from repairing a light fixture to working on industrial machinery. No job is too small or too large for the Lynn Electric Service Department.

Lynn Electric Service Van

Lynn service vans are fully equipped and our service technicians are well trained and on call 24/7/365.

Lynn Electric Technician

When you require immediate and reliable service, repair or emergency response, Lynn Electric will always be available to get your business up and running with a minimum amount of downtime.

Lynn Electric Boom Truck

Some light bulbs are more difficult to change than others. KU Memorial Football Stadium lights are an example. No problem for Lynn Electric and their state-of-the-art boom truck.
